2023 FALL LEGISLATIVE FLY-IN

Farmers Union members from across the country are in Washington, DC, to advocate for a strong farm bill that addresses the monopoly crisis in agriculture, bolsters the farm safety net, and helps family farmers and ranchers tackle climate change.

**FAIRNESS FOR
FARMERS**

- ✓ The Meat and Poultry Special Investigator Act (S.346) and the Packers and Stockyards Act rulemakings
- ✓ The American Beef Labeling Act and the Country of Origin Labeling Enforcement Act (S.52 & H.R.5081)
- ✓ Guaranteeing farmers' Right to Repair
- ✓ The Strengthening Local Processing Act (S.354 & H.R.945) and The Local Farms and Food Act (S.1205 & H.R.2723)
- ✓ The Fairness for Small Scale Farmers and Ranchers Act (S.2670 & H.R.4979)
